

# HOW TO: Schedule a Quest Patient Service Center (PSC) Appointment

## STEP 1: Log-In Instructions

**1a** To schedule a health screening at a Quest PSC, visit My.QuestForHealth.com and follow these steps:

- **New Users:** Enter the Registration Key “QUAD” and click Register Now.
- **Returning Participants:** Use the Log In fields to enter your Username and Password.

If you can't remember your username or password, please use the prompts below the fields.

The screenshot shows the Quest Diagnostics website interface. On the left, there's a 'Log In' section with 'Username \*' and 'Password \*' fields, a 'Log In' button, and a link for 'Forgot your username or password?'. On the right, there's a 'Create Account' section with a 'Registration Key \*' field containing 'QUAD', a note 'Located in a communication from your company', and a 'Register Now' button. A yellow box highlights the 'QUAD' registration key.

Once you login there are two consents to acknowledge. **Please review both** and acknowledge both to ensure that your results will be shared with QuadMed directly.

**1b** Then, **confirm your eligibility** by entering your Employee ID, date of birth and **click Continue**.

- **Employee:** Employee ID is your employee number (12345)
- **Spouse:** Employee ID is employee number + S (12345S)

The screenshot shows the 'Confirm Your Eligibility' form. At the top, there are three steps: 1. Confirm Your Eligibility (highlighted), 2. Create Account, and 3. Enter Your Information. The main section is titled 'Confirm Your Eligibility' and contains the following text: 'Employees: Enter your employee number (Example: 990999). Spouses: Enter your spouse's employee number, with an "S" at the end. (Example: 990999S). The employee number can be found on your Quad/Card. If both you and your spouse are Quad employees your Unique ID will be your employee number. If you are not the insurance carrier, your Unique ID will need to be followed by an S.' Below this text are fields for 'Employee ID \*' and 'Birth Date \*' with a calendar icon. Below these fields is a 'Relation \*' dropdown menu with 'Employee' selected. At the bottom is a 'Continue' button.

## 1c New users, enter a Username and Password to create an account and click Continue.
